Two Fliers Die In Plane Near Abee

EDMONTON—Two fliers died in the wreckage of a Bristol air freighter, which crashed on the farm of Towni Lotti, three miles north and two miles west of Abee raising to 12 the number of lives lost in DEW line airtift operations out of Edmonton in the last six months.

The crash Saturday cleaimed the lives of a veteran Toronto pilot, who had logged nearly 7,000 hours in the air, and a Vancouver copilot flying on the DEW (Distant Early Warning) radar line lift. Four others were injured.

The aircraft, owned by Associated Airways Ltd. of Edmonton, crashed in a farmer's field near Abee, Alta., after developing engine trouble shortly after take-off on a 600-mile flight to Yellowknife, N.W.T.

It was the fourth Associated Airways plane crash in six months and brought an immediate grounding of all company planes pending an investigation.

Killed in the crash were 40-year-old Hillier H. (Jake) Thompson of Toronto, a veteran pilot who flew from Canada to Europe in the North Atlantic ferry service during the Second World War, and co-pilot Kenneth J. Hunt, 36, of Vancouver.

The injured, F. W. Potter, 23 of Elmonte, Calif., another copilot; James Furber, 21, and George Pruden, 20, both Edmonton mechanics, and Mihai Steff of Regina, an aero engineer—were in improved condition Sunday.

Mr. Potter's condition was still described as "serious," by his attending doctor who said he was becoming stronger. The other three all company employees and passengers aboard the craft, were in good condition.

End Of October Set For Opening Date Of New Provincial Building

By T. W. PUE

The new Lac la Biche provincial building is nearing completion and should be ready for the official opening on or about Oct. 31.

An opening day will likely be set for reception and inspection of the new building by visitors. I will follow closely on the heels of the Oct. 6 date set for the official opening of the new wing of St. Catherine's hospital.

The new building will house the Liquor Store, Telephone Offices, Treasury Branch, and offices of the Departments of Lands and Forests and Municipal Affairs.

It is likely that the offices will be occupied before the official opening date. When they are, it will result in considerable office and store space being vacated in other parts of the shopping district in Lac la Biche.

Fire Destroys School House

EGG LAKE—A couple of weeks ago, the Dionne school house was completely destroyed. Mr. and Mrs. Albert Carrier, who live close to the school, in the teacherage called for help to prevent the teacherage from catching fire.

They want to thank everybody who came to their aid and thus saved their house. Special thanks to Mr. Leon L'Heureux and his sons Edouard and Omer, also George Langevin, Mr. and Mrs. F. Bouvier, Camille Ostiguy, Raymond Dionne and Mrs. L. Dionne.

The school house was old and was not used this year because the children are driven to Lac la Biche school in a van, by Albert Carrier. Mrs. Carrier will teach school in Lac la Biche.

Mr. and Mrs. Albert Carrier are the proud parents of a baby girl born in August in St. Catherine's hospital. This is their second daughter. They will name her Gisele Olive Marie.

HELICOPTER USED IN SOIL SURVEYS IN NORTHERN ALBERTA DISTRICTS

EDMONTON (BUP)—An Alberta research council crew has used a helicopter for the first time in Canada to conduct soils surveys in northwest Alberta.

The helicopter is operating in sparsely settled areas where access by roads is almost impossible. The survey crew camp is located at Cutbank River, 60 miles south of Grande Prairie, Alberta.

The helicopter carries one man at a time landing at intervals to permit sampling and making of field notes to supplement data pro-

vided by aerial maps on file.

The head of the soils department, University of Alberta Doctor J. D. Newton said the copter is being used to speed the survey.

Provincial and agricultural officials are both anxious to determine if the land is suitable for settlement, or should be used for timber production.

Other surveys have been carried out by the department in the Rocky Mountain house area as well as in the alkali soils of irrigated districts of southern Alberta.

RCMP Seek Store Gunmen

BONNYVILLE, Alta. (BUP)—Royal Canadian Mounted Police are still searching for two men who robbed the Valley Department Store at gun-point.

Ralph Hebert told police he surprised the two men in the store and one of them trained a shotgun on him. He was bound and gagged and the two fled with two rifles and a shotgun.

Police are also investigating a break-in at the Bonnyville Motors and Hoolihan's Store. Some cash guns and ammunition were taken.

Man Rescued As Tractor Tips

ATMORE — Clifford St. Jean of the Charron district almost met with a fatal accident the night of Sept. 14. Due to the alertness and quick thinking on the part of Mr. and Mrs. A. Bouvier, who saw Mr. St. Jean's tractor turn off the highway and tip on its side, the man was immediately rescued from beneath his tractor and rushed to the local hospital for treatment. At time of writing, the nature of injuries is unknown.

Road construction is in full swing at Breynat and Wandering River.

The five-roomed school at Wandering River is getting too small to house all the children, as the population is increasing rapidly.

Dorriane Aubee is the present owner of the Economy Store at Breynat. The former owner, J. E. Primeau, has left to reside with one of his daughters in B.C.

Bank Robber Still At Large With \$4,600.00

EDMONTON (HUP) — Edmonton police are continuing their search for the lone gunman who robbed the branch of the Canadian Bank of Commerce in Edmonton's east end of over \$4,600.00.

The gunman entered the bank at closing time, brandished a sawed-off shotgun and a revolver, forc-

ing the employees into a vault. Scooping the money into a shopping bag he left in a stolen car. Bank accountant Peter Chomyk ran to the front of the bank and fired two shots at the fleeing car.

Squads of police, raced to the bank at 71 St. and 112 Ave. and found the car abandoned. Police believe the gunman discarded one of two sets of clothes as he fled, to change his appearance. Police combed the area but could find no trace of the man. The man is believed to be about 50-55 years old, slight build, dark hair and eyes. Therese Pelletier, formerly of Lac La Biche, was teller at the time of the robbery.

EDMONTON — Young singers from Edmonton and vicinity auditioned here for the 1955-1956 series of the well-known national radio program "CIL Singing Stars of Tomorrow."

Rex Battle, noted Canadian musician and radio personality, headed the travelling audition team which will visit the principal cities in the west in search of singing talent. Simultaneously, another team lead by John Adaskin will audition singers in the Maritimes, Quebec and Ontario in this nationwide search.

The top 150 of the 500 singers auditioned nationally will have their voices recorded for final selection later by a board of judges who will select 44 from this number to compete on the 26-week program.

Singers on the program will compete for \$4,400 in musical scholarships awarded annually by Canadian Industries (1954) Limited, with \$2,000 for top honors and other prizes of \$1,000, two of \$500 and four of \$100 each. Competing singers will have their expenses paid to Montreal or Toronto where the program originates. Whether they win prizes or not, all contestants will be paid regular radio concert rates. "Tough" Job For Army

DUNDURN, Sask. (BUP) — Officers of the army's Prairie Command say one of their toughest jobs was turning would-be soldiers out of a summer camp here.

It turned out that 95 cadets were under age and had to be sent home. Although instructions sent out by the Army required the boys to be at least 15 years old, many appeared at Dundurn who were under that age, hoping exceptions would be made. But the rule is rigidly enforced by the army, and they could not stay.

The reason for the rule lies in the nature of the course given at the camp. Officers said the training program requires both the mental and physical aptitude of a 15-year-old boy. If exceptions were made to the rule, the course would have to be changed.

One was a 40-mile route march, called Exercise Antelope. It was designed to show the 250 boys who volunteered to take part in it, that they could march that far and finish in top condition.

The cadets marched 30 miles the first day, rested overnight, camping out, and marched 10 miles into camp the next day.

Oil Sands Plant Sold

EDMONTON — Can-Amara Oil Sands Development Ltd., has purchased the Alberta government's pilot plant at Bitumont, in the province's northern oil sands area.

Premier Manning's office confirmed the report, but a purchase price was not disclosed.

Can-Amara, which with Royalty Oil Co., has been working on a development program to produce crude oil commercially from the Athabasca oil sands, 250 miles

northeast of Edmonton, previously held an option on the government plant.

The 18-month option was taken out by Can-Amara in July, 1954, more than a year before Royalty joined with Can-Amara in the development program.

The pilot plant was built in 1948 by the provincial government to experiment with methods to separate crude oil from the sands, which have been estimated to hold between 100,000,000,000 and 300,000,000,000 barrels of oil.

It was reported construction of facilities to speed commercial production from the sands is well advanced. Shipments of large equipment are en route to the sands from here.
